Please list substitutions and gift suggestions below:		

If more space is necessary, you can print and fill out additional forms.

IMPORTANT NOTE: Please list desired substitutions or we'll substitute with like items of equal or greater value. On non-refundable sold-out items, please advise if you wish a credit or refund. We'll use your sub list for bonuses, so please list several. Attach additional sheets if needed.

DELIVERY: Your DAYLILY order will be shipped USPS second day priority mail unless otherwise requested. Please include a telephone number. Although we do not guarantee shipment on the exact date requested, we make every effort to ship as close to that date as possible. Orders placed in advance may be picked up by prior arrangement at the nursery at no additional charge.

AVAILABILITY, REFUNDS, SUBSTITUTIONS: All the plants listed have been counted and determined to be in ample supply, good vigor and health; neverthe-less, factors such as weather influence all living things. With your permission, we will substitute a similar variety of equal or greater value, should we be unable to supply a plant that has become unavailable. We ask you to please supply a list of desirable substitutes. Don't worry, we are generous and you'll be absolutely delight-ed. This list will also be used as a guide when we select your gift plants which accompany nearly every order. Otherwise we will substitute with like items of equal or greater value.

GROWING IDEAS & CUSTOMER SERVICE: As a rule, calls should be made between 10:30 A.M. to 2:30 P.M. Because much of our work involves shipping & pro-cessing orders, making seed, and maintaining the gar-den, we can't always answer the phone. If you reach voice mail, please leave a message so that we might call you back. We are open June 10 to July 15. Hours are from 10:30 A.M. to 2:30 P.M., Wednesday to Sunday. If these times are not convenient, please call, Email, or write ahead of time. Please do come see us. Your visits are the high point of the season!
